This Code of Conduct summarizes our binding standards of behavior. It applies to all employees regardless of role or employment status. As management, we are particularly committed to leading by example. We also expect our business partners and suppliers to follow comparable principles.

Inheco's reputation is in all of our hands and depends on our behavior and decisions, both individually and as a company.

Thank you for being part of the Inheco family and for your unwavering commitment to strong and ethically responsible business practices.
