

PRESS RELEASE

24.11.2025

Inheco Industrial Heating and Cooling GmbH changes its company name to 'Inheco GmbH'

Inheco will now operate under the name 'Inheco GmbH'. The previous name 'Inheco Heating and Cooling GmbH' will no longer be used.

Over the past years, Inheco's product portfolio has evolved far beyond "Heating & Cooling." Today, Inheco stands for innovative solutions that drive progress in the LifeScience industry. With this new name, Inheco creates space for fresh ideas, cutting-edge technologies, and premium products that help its customers make research and processes even more efficient.

About Inheco

For more than 25 years, Inheco has been developing, manufacturing, and supplying precise lab technology for thermo-mechanical reaction control. The systems integrate seamlessly into automated biochemical workflows, ensuring maximum process stability. With a strong focus on innovation, quality, and service, Inheco enables leading life-science companies to make their research and development processes more efficient, reproducible, and digitally connected.
